

Overview

On the 20th November 2016 from 5.00 - 6.00 GMT (12:00 - 1:00 AM EST), Clicktools users may experience brief service interruptions as we make key updates to the Clicktools application.

Maintenance update

The following update is being applied:

Issue	Comment
SUR-858	Within the Salesforce email template the "Get Report Columns" now allows the user to change the folder to pull the correct report.
SUR-796	In Analyze, the delete option no longer appears for the Role 'User'.
SUR-866	The multiple response setting will now default to 'Yes' for all new surveys.
SUR-823	SQLException exception is no longer thrown when using crosstab functionality with a Rank question type.
	Several security updates were performed.
