

Overview

On the 18th February 2018, Clicktools made key updates to the Clicktools application.

Maintenance update

The following update is being applied:

Issue	Comment
SUR-1815	When Response data is exported then imported the empty/unpopulated responses now populate with the correct value.
SUR-1897	We have updated the options under branding for Modern survey using a classic survey template. Now only the branding options that are currently supported using a Modern survey are enabled.
SUR-1903	Modern surveys can now be edited when multiple windows are open.
SUR-1904	Improve mapping of documents answers to Salesforce Files.
Misc	Application security updates.
